

ASKHAM BRYAN COLLEGE

Dear Sir or Madam,

Please find below details of our Summer school programme being held in **July and August 2011**. We offer two different types of programmes, with multiple start and finish dates. The first type of programme is a General English improvement course with additional subjects based around subject areas taught at the college such as sport, horse riding, environmental and agricultural issues. The second type is a more intensive exam based programme and is a more formal course in order to achieve an IELTS qualification.

About Us

Askham Bryan College has its origins in the formation of the Yorkshire Institute of Agriculture, which first accepted students in 1948. It became Askham Bryan College of Agriculture and Horticulture 19 years later. We have since diversified widely to include equine management, animal management, land management, food production and bioscience. Our main residential campus at York is one of the most attractive in the country. As well as providing all the facilities you will need for your studies, it is also a great place to live and work. The landscaped grounds include not only the College's farm and horticultural unit but also woodlands, a small lake and excellent outdoor sports and leisure facilities for you to enjoy. The first class, purpose built equestrian facilities are exemplary, with both outdoor and indoor arenas, stabling for more than 25 horses, cross country course and demonstration areas to ensure a positive and safe learning environment. We are also only four miles from the lively and attractive historical City of York; Leeds is within easy travelling distance for more active nightlife. If you are new to the area you will find lots to discover, both in York and the North Yorkshire countryside with its spectacular moorlands, dales and coastline.

The City Of York and Surrounding Area

Askham Bryan College is approximately 5 miles from the historical City of York, North Yorkshire. In 2007, York won the prestigious European Tourism City of the Year Award; and with nearly 2000 years of history, dating back to the Romans in AD71, there is a wide range of attractions to keep or students entertained when they aren't studying! York has the vibrancy and excitement of a large city, but manages to balance this with its history, commitment to high tech business and its underlying agricultural heritage. For more information about York and its many attractions, such as York Minster, Museums, York Castle, The Jorvik Viking Centre and The National Railway Museum please visit www.visitork.org

English Language + Land Based Subjects - Summer School 2011

Length of Stay

Minimum 1 week – maximum 7 weeks

Arrival day Sunday 4.00 – 6.00pm

Departure day Saturday 8.30 – 11.30am

Age

Minimum 16 years

Dates – Askham Bryan College main campus
