Agris Mundus – Sustainable Development in Agriculture

The main objective of Agris Mundus is to train MSc students to cope with the current global challenges in agriculture and rural development. Specifically to identify and critically analyse key factors shaping the development of crops, forests and animal production, the management of research and rural development projects and finally, the sustainable use of natural resources and the environment. Furthermore to formulate and provide effective and appropriate responses to complex agriculture and natural resources related issues.

Agris Mundus is offered by six internationally recognised European universities:

- ▷ Montpellier SupAgro, France,
- ▷ University of Copenhagen, Denmark,
- ▷ Universidad Politecnica de Madrid, Spain,
- ▷ Wageningen University, Netherlands.
- ▷ University College of Cork, Ireland,
- ▷ Università Degli Studi di Catania, Italy

Applications : <http://www.agrismundus.eu/Admission-procedure>

Deadline: February 3rd 2012

IMaHS – International Master in Horticultural Sciences

The objective of the Master's course is to form professionals able to work in global horticultural markets. The overall project is to provide a top level programme that highly qualifies graduates to deal with the challenge of modern horticulture and additionally to offer them the instruments to face the rapid changes occurring at European and world wide levels.

IMaHS is offered by three internationally recognised European universities:

- ▷ Alma Mater Studiorum University of Bologna (UNIBO),
- ▷ Technical University of Munich (TUM, Weihenstephan, Germany)
- ▷ University of Natural Resources and Applied Life Sciences of Vienna (BOKU, Austria)

Applications : http://www.agrsci.unibo.it/dicabo/imahs/index_file/Page858.htm

Deadline: February 20, 2012

APEFA – Agricultural, Food And Environmental Policy Analysis

The AFEPA Master's programme aims at providing a high quality education at renowned European universities in designing and assessing public policies targeted at the agricultural and food sectors as well as the rural environment.

APEFA is offered by five internationally recognised European universities:

- ▷ Université catholique de Louvain, Belgium
- ▷ Technical University of Catalonia, Spain
- ▷ University of Bonn, Germany
- ▷ Corvinus University, Budapest, Hungary
