

**The Innovation Week on Renewable Energy Systems:
a series of events towards the European Summer School on**

“PV system and the other R.E.S.”

Innovation and Intelligent Application

1 – 12 July 2012

For 12 days University staff, researchers & students will have the opportunity:

- 1st to Present and Debate on Technological advancements on PV & RES, in general.
- 2nd to do experiments on PV systems and Solar Energy Applications
- 3rd to discuss on new products related to R.E.S. make up joint teams to such innovation products
- 4th to explore new fields where R.E.S. are to be introduced and provide effective schemes for project proposals.

Students are invited to make the initiative to exhibit practical applications and innovative products related to R.E.S. that have designed and constructed.

The student contest in the Exhibition Week of innovative products is expected to provide opportunities for career development. Interested Enterprises will be invited to join the presentation and the exhibition of innovative: R.E.S. systems.

*This co-funded by the European Union (European Social Fund) and National Resources under the Act
“Unit Innovation and Entrepreneurship, TEI Patras ‘Operational Programme Education and Lifelong Learning”*

Nomination for awards will be processed according to the Jury Committee. Also Grants to students to attend the full 12 day events will be provided for a number of cases, based on the budget and the students records during the period of the Innovation Week on R.E.S.

The R.E.S. Lab group of the TEI of Patras organizes this series of events sponsored by the E.U. (E.S.F.) and national sources within the frame of the "Innovation and Entrepreneurship Unit of the TEI of Patras" of the Operational Programme for Education and Lifelong Learning.

Note that:

1. For students who present either orally or in posters innovative products or other scientific work related to R.E.S. that may lead to Innovation on R.E.S. products, grants will be provided by the Unit of Innovation and Entrepreneurship to cover daily accommodation and meals.
2. The same as above, holds for the students who will exhibit their innovative products in the special sessions and will join the contest.
3. For the Staff and students which come from Universities which are partners of this Innovation Week & Summer School on R.E.S., the accommodation meals will be covered the project "Innovation Week on R.E.S.".
4. For all the others, the Summer School fee is 300€. This amount covers the coffee breaks and refreshments, the CE with the training material and participation in the events.

Kind regards,

Prof. Socrates Kaplanis

President

TEI of Patras, Greece

Partner Universities :

1. University of Patras in Greece
2. Cyprus University of Technology, Cyprus
3. South West University "Neofit Rilsky", West Pomeranian University of Technology in Poland
4. Universtiy Politehnica, Bucharest, Romania
5. University "Transilvania" din Brasov in Romania
6. University of Chemical Technology and Metallurgy, of Sofia, Bulgaria
7. Technical University, Czech Republic , of Prague
8. University of Applied Sciences, Aachen, Germany
9. KATHO Universtiy College, Belgium
10. Abuda University, Budapest, Hungary
11. Politecnico de Bari, Italy
12. University of Zaragoza, Spain
13. Afyon Kocatepe University, Turkey
