

Seminar “Climate Change New Threats for Atlantic Forests, Biotic Aspects”
ISA, Salão Nobre
30th September 09

- 9.00-9.10 **Welcome at ISA by Director Board**
- 9h15-9h30 **Reinforce presentation**
Christophe Orazio(IEFC)
- 9h30-10.00 **The expansion of the pine processionary moth in Europe.**
Hervé Jactel INRA-Aquitaine (France)
- 10.00 – 10.30 **Pitch canker by *Fusarium circinatum* in Spain: Distribution, symptoms and legal aspects.**
Julio Casero, Valladolid University (Spain)
- 10h30-11h coffee break
- 11h -11h30 **The pine wood nematode in Portugal: distribution, host susceptibility, monitoring and control strategies.**
Edmundo Sousa INRB (Portugal)
- 11h30-12h00 **A distinct phenological population of the pine processionary moth.**
Helena Santos, ISA (Portugal)
- 12h-12h30 Debate
