

Short-course

Dendroecology: applying tree-ring methods to understand forest ecological processes

Paolo Cherubini

Senior Scientist, Head of the Dendro Sciences Research Unit
WSL – Swiss Federal Institute for Forest, Snow and Landscape Research - Birmensdorf, Switzerland

23rd November 2010, 9h00-12h30

Instituto Superior de Agronomia

Program outline

- Dendrochronology: the history
- Biological background of tree-ring studies
- Materials and methods in dendrochronological studies
- Applications in forest ecology, climatology and geomorphology: research highlights
- Conclusions and future perspectives
- Seminar “Publish or Perish”: 13h30-14h30 (*Optional / Open to public*)

Application deadline 12th November 2010

Send e-mail to: Sofia Leal (spleal@yahoo.co.uk)

dendroPORT – Dendrochronology and Climate Dynamics, Portugal
Centro de Estudos Florestais, Instituto Superior de Agronomia

Fee: 35€ (coffee-break and handouts included)
