# Workshop

## Evapotranspiration measuring methods and its components

*Doctor Thomas Trout; Prof.<sup>a</sup> Isabel Ferreira*

- Micrometeorologic methods
- Water balance methods: lysimeters
- Sap flow measuring methods
- Crop irrigation Scheduling: crop coefficients and remote sensing
- Deficit irrigation
- ET measuring techniques coupled for irrigation scheduling: experimental results in Portugal

**21 e 22 de Junho de 2007**

**Local:** Departamento de Engenharia Rural – Sala PFH (21 de Junho)  
Visita a campo experimental em Alcobça (22 de Junho)

**Inscrições de 6 a 15 de Junho**

**Contacto:** ISA-DER – Fax: 213621575; Secretariado do DER; email: [lilianac@isa.utl.pt](mailto:lilianac@isa.utl.pt)
