

Final Seminar

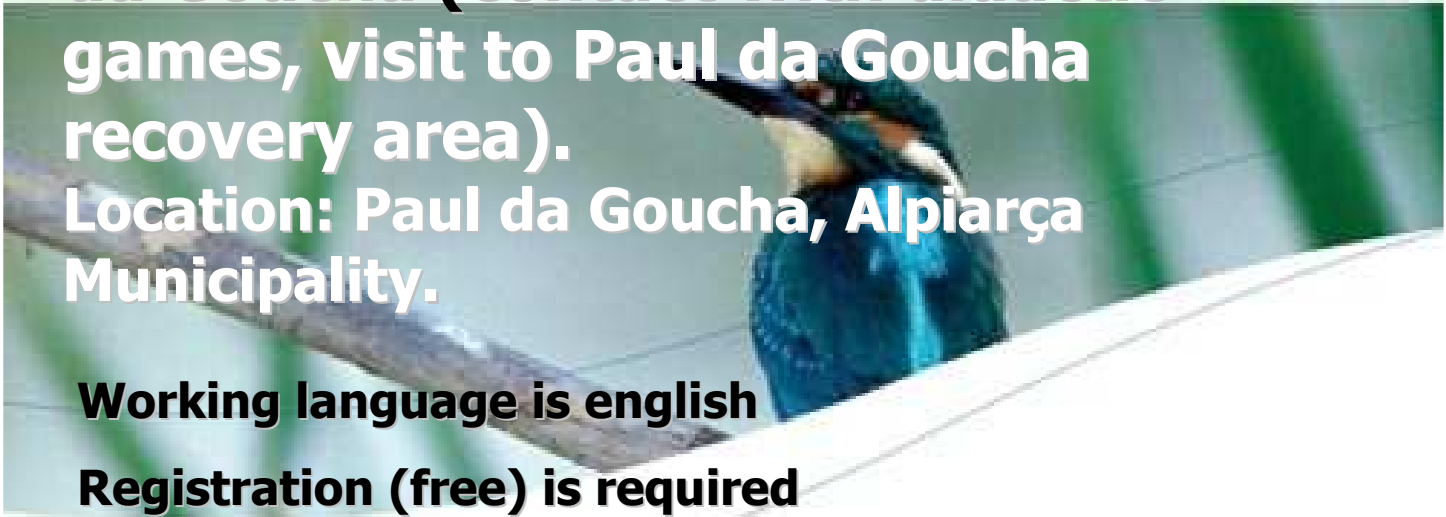

Ripidurable – Sustainable Management of Riparian Areas

20th and 21st of June

**20 th of June – Sustainable River
Management Seminar.**

**Location: Forestry Department of the
Higher Institute of Agronomy, Lisbon.**

**21st of June – Study Visit to Paul
da Goucha (contact with didactic
games, visit to Paul da Goucha
recovery area).**

**Location: Paul da Goucha, Alpiarça
Municipality.**

Working language is english

Registration (free) is required

Registration: mrfernandes@isa.utl.pt

Registration deadline: 17th of June

Program – 20th of June

9.15 - 9.30: Welcome and Introduction.

9.30 - 9.45: "The Ripidurable Project: Sustainable Management of Riparian Woods". A. Mendes. ISA, Portugal.

9.45 - 10.00: "The Achievements of the INTERREG IIIC Program". Dorothee Fischer. STC INTERREG, EU.

9.45 - 10.15: "The RIPIDURABLE project in Greece: a summary of achievements" . Y. Chatzinikolaou, A.N.Economou, S. Zogaris, S. Giakoumi, and P. Dimopoulos. HCMR & Ioannina University, Greece.

10.15 - 10.30: "Breeding bird community and riparian forest structure along two Mediterranean rivers (Vidourle and Rhône, France)". P. Dias & J. Roché. CNRS, France.

10.30 - 10.45: "TYTOTAGUS: Barn Owl Post-Fledging dispersion in the Tagus Estuary: preliminary results". I. Roque, J. E. Rabaça & R. Tomé. Évora University, Portugal.

10.45 - 11.00: "Riparian habitats – How birds use them?" C. Godinho & J. E. Rabaça. Évora University, Portugal.

11.00 - 11.15: Discussion.

11.15 - 11.30: Coffee break.

11.30 - 11.45: "River Restoration of Gandum Stream – Montemor-o-novo". F. Pais. CMMNT, Portugal.

11.45 - 12.00: "Different approaches for using bioengineering techniques in the rehabilitation of Paul da Goucha – Results". Ana Mendes. ISA, Portugal.

12.00 - 12.15: "Ecological restoration of riparian woodland at Amvrakikos Greece" Irini Loi. ETANAM, Greece.

12.15 - 12.30: "Management and Conservation of Forest Reproductive Material for Riparian Restoration". D. Arizpe. CIEF, Spain.

12.30 - 12.45: "Contribution to riparian species plant production". C. Faria, André Fabião, M. Risques, M. H. Almeida e António Fabião. ISA, Portugal.

12.45 - 13.00: Discussion.

13.00 - 14.30: *Lunch.*

14.30 - 14.45: "The interpretation plan for Paul da Goucha". Ana Mendes & Rita Hipólito. ISA & CMA, Portugal.

14.45 - 15.00: "GIS in the RIPIDURABLE Project". M.T. Ferreira & M.R. Fernandes. ISA, Portugal.

15.00 - 15.15: "Application of MedWet Habitat classification system to rivers" J.C. Farinha. ICNB - Dep. De Gestão de Áreas Classificadas, Portugal.

15.00 - 15.30: Discussion.

15.30: Closure.
